Please answer each of the questions below, if applicable. Missing or incomplete information may delay review of the proposed changes.

- 1.0 Describe proposed change(s). Complete Appendix A (if necessary) and amend SDAR (Refer to Appendix C).

[The Innovation courses have been called up in order to support the Innovation Village project. These courses are currently being developed and will be similar in scope to consultancy type courses. Conceptually, the courses will be available to each coordinator to sub-in as they see fit when innovative projects or opportunities arise that students will be able to take advantage of. When an Innovation course is called, teachers will be able to work with students who may also work with students from other schools or faculties that are also engaging in an Innovation course at the same time. These multi-disciplinary projects may focus on a community consultancy or support research that is timely and meets the PVLOs of the course being subbed out. Each course which has been indicated as a "sub-out" has been selected as one that has multiple PVLOs covered in other courses and/or has PVLOs that can easily be met through the subbed Innovation Course.

2.0 Reason/Rationale for Changes

- 2.1 The reason for the change is based on:

- ☐ A recent program review
- ☐ Program Advisory Committee feedback
